# WELCOME

- Who is who
- Please mute your self (echo and background noise)
  - And unmute
- Please raise hand or interrupt if you wish

- Please pose your questions

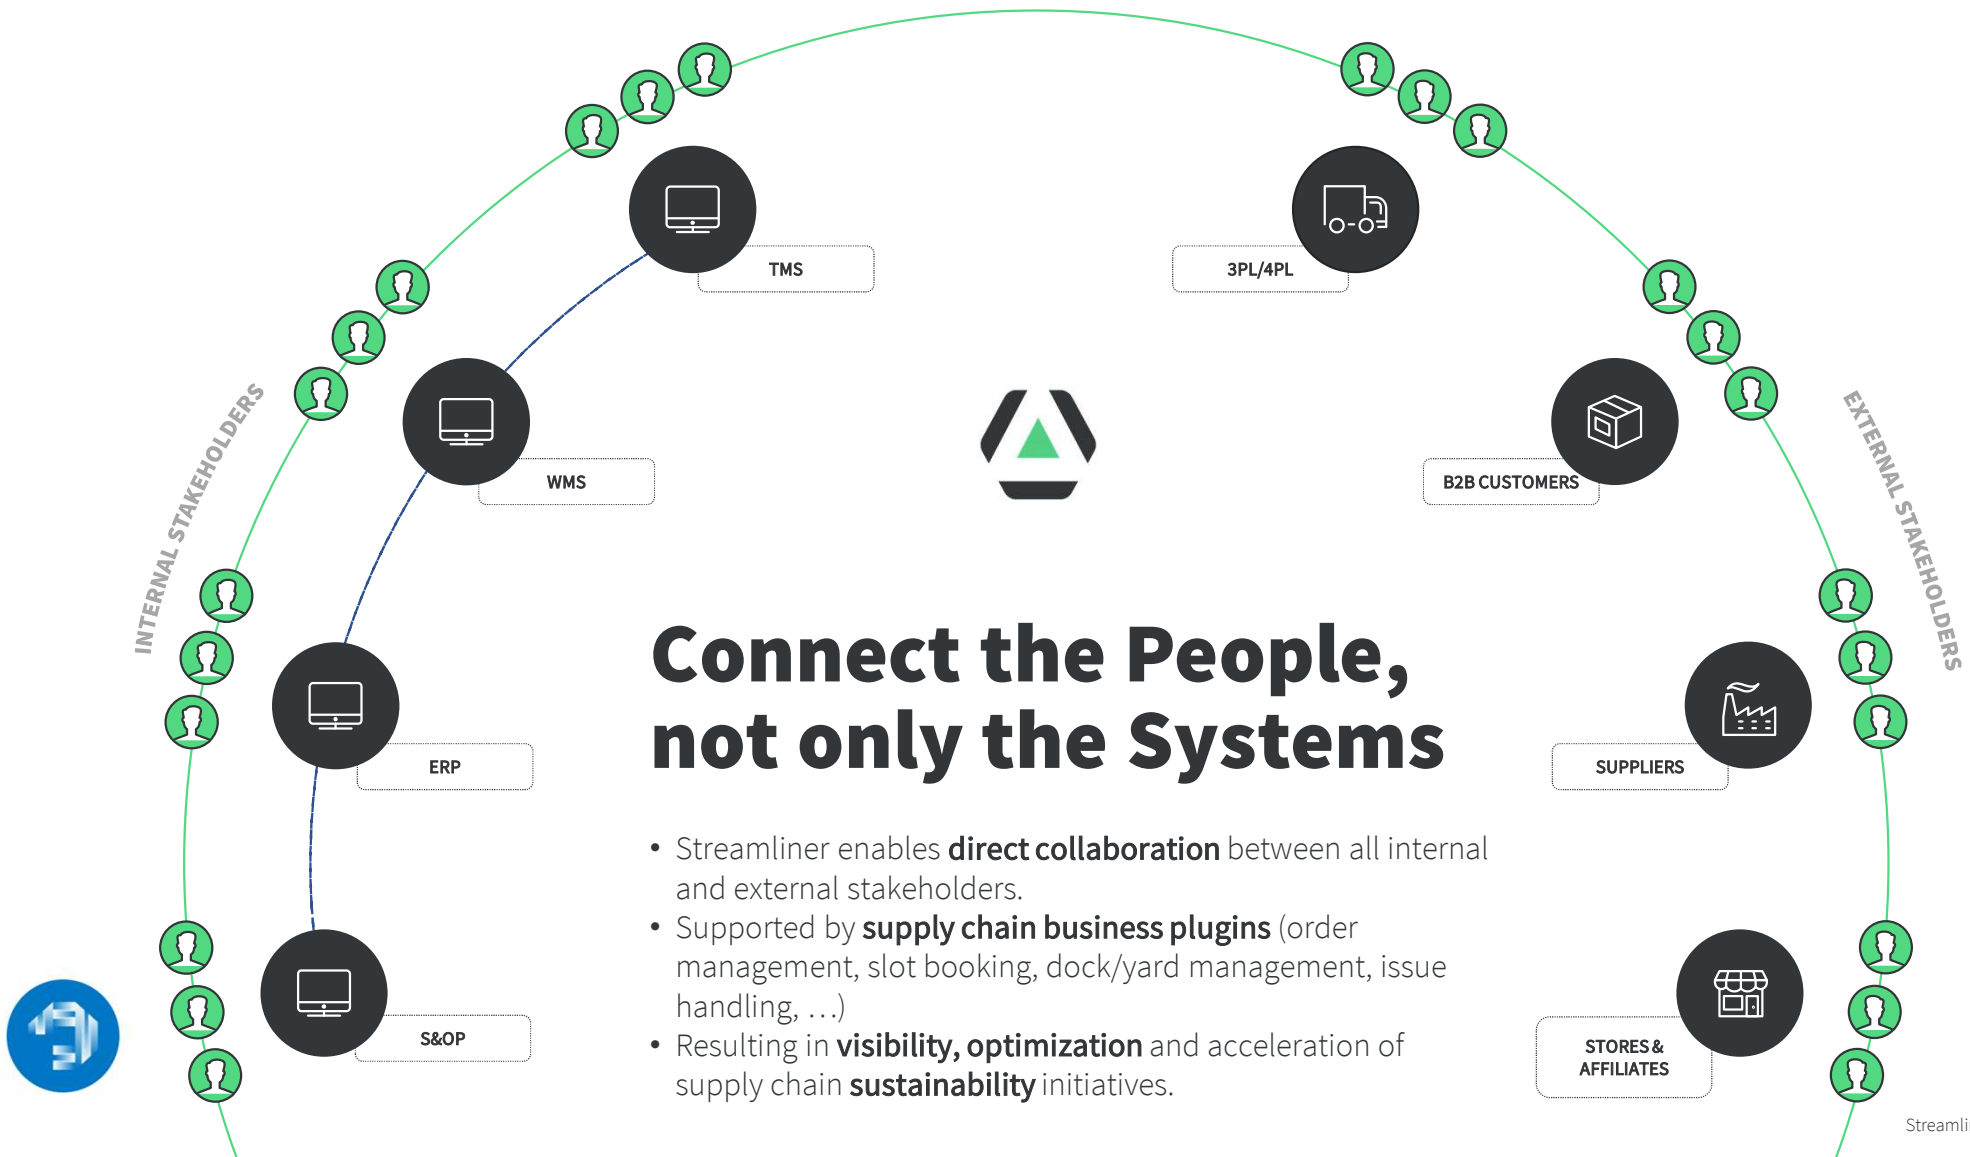

# “The pain”

Communication and collaboration across silos

# Connect the People, not only the Systems

- Streamliner enables **direct collaboration** between all internal and external stakeholders.
- Supported by **supply chain business plugins** (order management, slot booking, dock/yard management, issue handling, ...)
- Resulting in **visibility, optimization** and acceleration of supply chain **sustainability** initiatives.

# LET'S EDIT/MODIFY A SHIPMENT

- Go to overview shipments
- Select the shipment you want to change
- Any shipment can be changed as long as shipment delivery is not started and freeze time is respected
- Click on wheel to the right
  - Edit = adapt what you need
  - Cancel: you can uncanceled if needed
- Again: Your 3PL and principal are informed

# RECEPTION OF A DELIVERY

- You can follow up the reception of goods in the shipments overview
- Real-time information

A screenshot of a software interface showing the details for "Shipment 619". The interface includes a header with "Shipment 619" and a settings icon. Below this is a table with columns for "Arrived", "In", "Docked", "Unloaded", "Out", and "Gate Free". The "Arrived" column shows "05:55", "In" shows "06:02", and "Docked" shows "06:05". The "Unloaded", "Out", and "Gate Free" columns all show dashes. Below the table, there is a section for "Drop-off location (zone)" with the value "DC Bakker Belgium Boom (HARD Zone)" and a "Gate" field with the value "Gate\_20".

Arrived	In	Docked	Unloaded	Out	Gate Free
05:55	06:02	06:05	-	-	-

Drop-off location (zone) DC Bakker Belgium Boom (HARD Zone)

Gate Gate\_20

- You can consult attachments & issues
- You are informed in real-time by email.

Hey there usersupplier900072, An issue is added to the shipment from supplier supplier900072 with shipment number 619 for DC Bakker Belgium Boom. Load Presentation - Insecure / Unsafe load
